(54) **OXYGEN OR A SMALL AMOUNT OF CARBON DIOXIDE-CONTAINING MINERAL WATER OR SOFT DRINK BOTTLED IN CLOSED VESSEL**

(57) Abstract:

PURPOSE: To provide the title mineral water or soft drink intended to restore the tastiness inherent in mineral water, as conventional mineral water on sale has been lacking in this tastiness because of releasing, on

its sterilization under heating, small amounts of the oxygen and carbon dioxide having been dissolved in the water.

CONSTITUTION: Water heated for sterilization is put into a container followed by, immediately, feeding the container with liquid oxygen, liquid air, or liquid or solid CO₂ and then closing the container at once.
